Upon submitting this order this is a legally binding agreement to accept and submit payment goods ordered in this contract. There will be absolutely NO returns on used equipment and/or mounted/balanced rims. We do not guarantee fitments on products or installation hardware. All wheels are completely custom built from fit to finish, there will be no returns sold on products sold, replacement warranty will be given ONLY on items deemed warrantable by our returns departments, under the discretion of Interad. All sales are FINAL, customer agrees not to initiate disputes on credit card payments, the customer is liable for all shipping charges when sending products back for warranty. All damages and shortages must be reported within 24hours receipt of products. Please contact our sales rep to make sure that fitment data is available before placing order we may need to setup measuring sessions in particular cases please inquire with your sales rep for further details. Please refer to the measuring form for any further details. Interad is not responsible for wheels damaged during mounting & balancing, or testing of product unless otherwise noted. Interad will only build the product to the customer's specification to the best of their technical and engineering knowledge. Signature below constitutes acceptance of order according to terms and conditions listed above.
